DATE: 10 July 1958

FROM : DAD/RR

SUBJECT: Annual Report to the NSC on the Status of the Foreign Intelligence Program

1. As indicated in attachment A, we have been requested to prepare the annual ORR contribution to the NSC report on the status of the foreign intelligence program. Attachment B is an extract of the geographic intelligence and geographic intelligence collection sections of the report submitted by the Director to the NSC last year. The geographic intelligence section conforms almost exactly to the contribution which we submitted for this report. The paragraphs on geographic intelligence collection, however, were changed somewhat, and I have attached a copy of our contribution so that you might see what changes were made. Your contribution to these two sections should generally conform in length to the sections presented last year and should stress major developments of the past fiscal year. Effort should be made not to cover developments previously reported. If extensions of previous developments are noteworthy, however, effort should be made to present this in somewhat different wording and context.

2. If at all possible, I would like to have this no later than Friday, 18 July.
